

## **Experience Day 3: Offering excellence in humanised care through technology (Chang Gung Memorial Hospital, Linkou)**

### **Overview**

Chang Gung Memorial Hospital (CGMH) is the largest comprehensive healthcare provider in Taiwan, with a total of 10,050 acute care beds and 7.5 million outpatient visits each year. CGMH Linkou is one of Taiwan's most prestigious medical centres, and trains over 1,600 physicians from over 75 countries to date.

During the experience day participants will learn:

- To experience the most advanced proton therapy system.
- To establish a close loop computerized information system that ensures patient safety.
- To experience the healthy environment and lifestyles of the residents in the retirement village.
