

Frontiers of Improvement Science

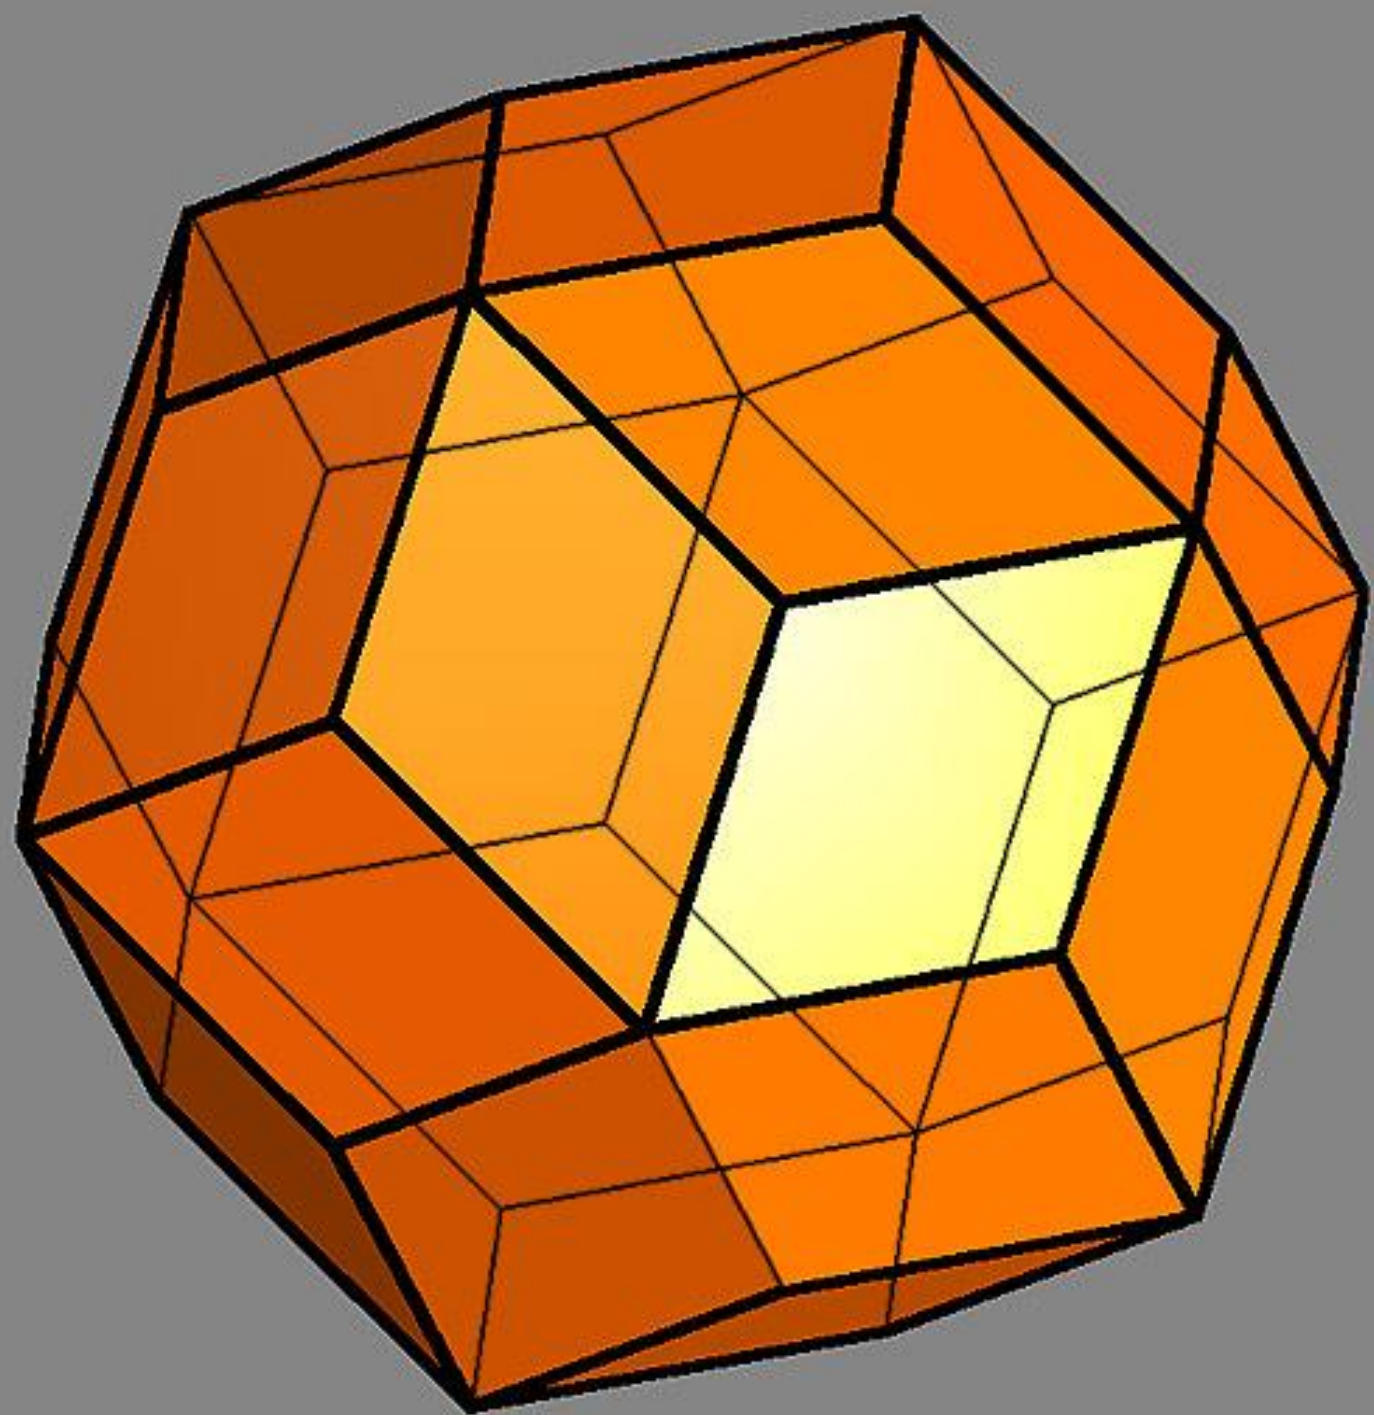

Dr Julie Reed

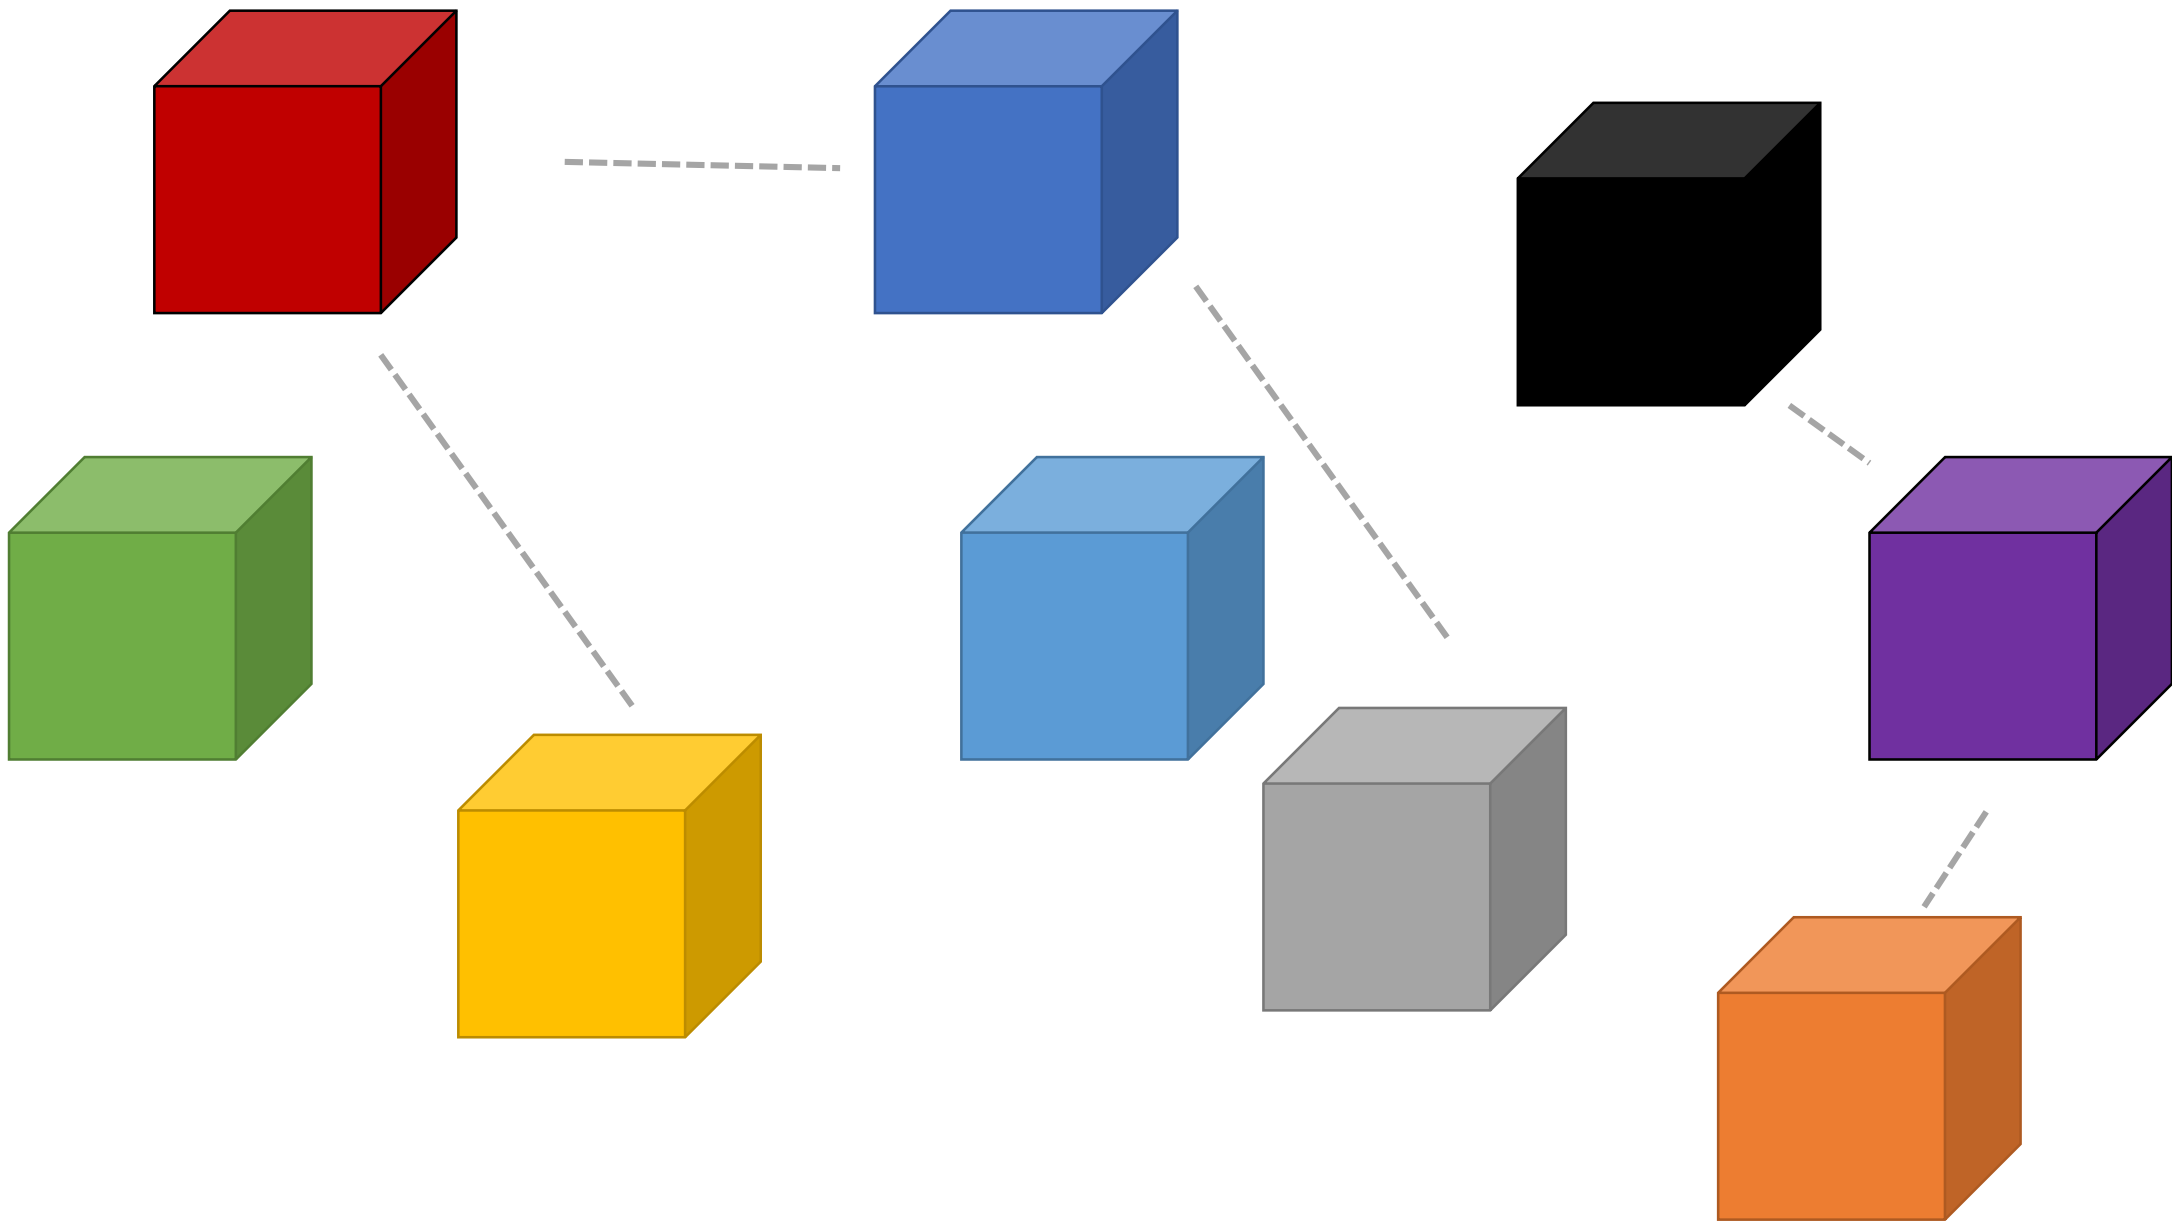

on behalf of the UK and Swedish Improvement Science Fellows

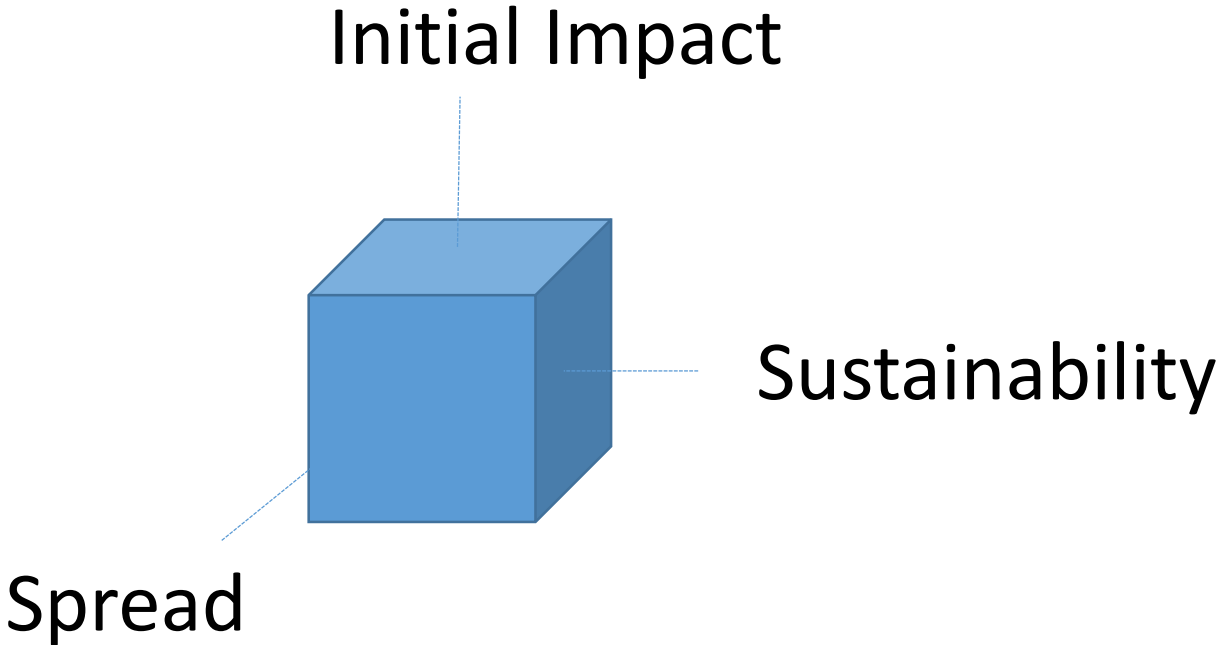

Anamorphic Structures

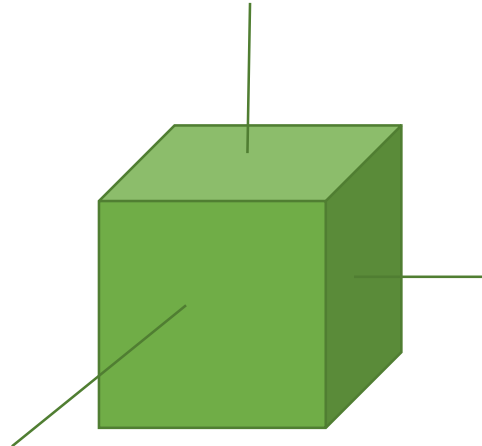

Achieving improvement

Methodologies for achieving improvement

e.g. Model for Improvement
Coproductio

Contribution of methodology to
achieving improvement
(Means to an end)

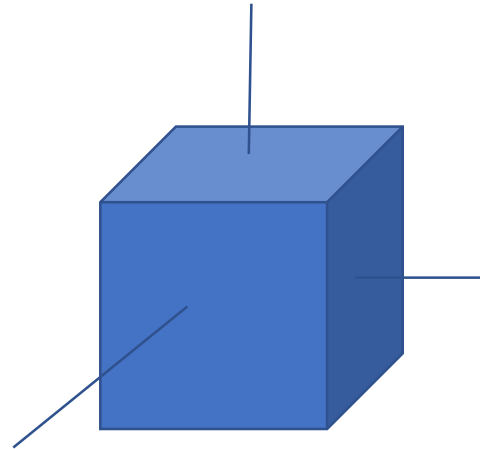

Doing the methodology
well in practice
(End in own right)

Supporting systemic use
of approach (Embedding)

System Levels

Individual and microsystem
(Micro)

Organisational
(Meso)

Policy and system
regulations (Macro)

How much is good enough?
